Masterplan

Collection 8

Come home to a dream lifestyle. Secure your future with an architecturally designed home in a masterplanned community nestled into an existing leafy streetscape. Select from an array of contemporary designs, each fronted with a personalised landscaped front garden. With car parking at the rear, settle into a charming, congenial streetscape where your home enjoys its own unique identity in a neighbourhood you can be proud of.

Alfie's central park forms the core activity centre of a brand new community. Protected from through traffic and landscaped to provide plenty of options for both active and relaxing recreation, the park offers ample green open space right outside your door.
